We believe in nurturing the skills of our team members and providing growing levels of responsibility.

NOTHANDO N. GUMEDE – Director, CFO and HRM

Growing up in rural area of Kwangwanase gave me the drive to do more for myself and others—as a young youth black woman, it was never easy to get started with business but my background was the driving force that pushed me to do something in order to change things around me, hence I decided to start Ikomidi Holdings (Pty) Ltd and today I am so proud of the decision that I made back then, it’s encouraging, it’s inspirational and the most beautiful thing I’ve ever done for myself and I encourage other youth more especially ladies in rural areas.

At **Ikomidi** we strive to be the best in our industry while helping others to do the same, we work to deliver the best products/services that exists in the market in our industry—we strive to give our clients nothing short of the best they could get anywhere else while maintaining the quality standard of health and safety of our employees and the environment we work in and around.

MTHOKOZISI Z. GUMEDE – Director, COO and Project Manager

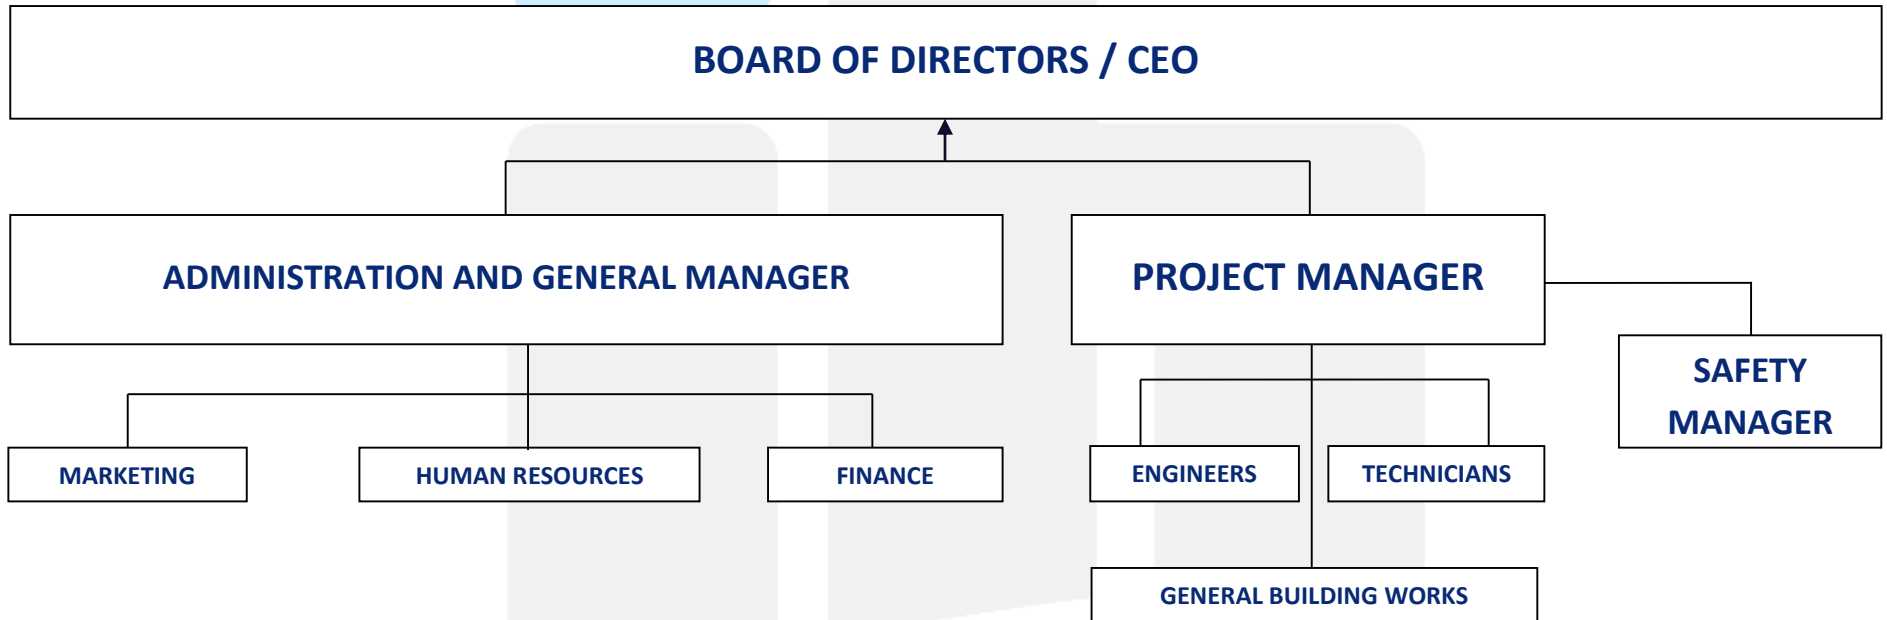

We endeavor to ensure that our employees wellness is taken care of even as we strive to deliver the best results for the company, we never try to compromise the wellbeing of our employees and partners. As Ikomidi Holdings we are committed to maintaining our B-BBE level 1 through supporting other previously disadvantaged businesses people, training our employees, buying locally produced materials and sourcing local labour.

We believe that we are well positioned to penetrate the future market through innovative ways of execution of works—we will keep pushing boundaries to become one of the best organizations in the southern African region. Our motto says it all about us “quality is what we pursue” and safety is our primary concern.

NKULULEKO S. MAKHOBHA – Incorporator, Engineering and Technical Advisor

As a company advisor, I am responsible with assisting with development and deployment of new technologies and engineering that are both functional and appropriate, develop and execute test plans and test cases to coordinate project integration, participate in training of technical and non-technical personnel, including active mentoring of junior staff members, continue to learn new technologies and innovative solutions to current challenges, oversee quality assurance of technical and engineering systems and perform other duties and tasks as needed.
